

General Masonry Construction, Inc., was established in 2002 and has been continuing it's masonry services throughout the Northshore suburbs of Chicago. We only work with top of the line products and guarantee 100% satisfaction. We are local, trusted and easy to find. General Masonry Construction is the recipient of quite a few prestige awards and nominations and we absolutely take pride in it.

We are experienced with a variety of projects including natural stone, manufactured stone, pre-cast, limestone installation, landscape installation, brick repair and many more challenging projects.

Mainly specializing with new construction, renovation, patio installation, bluestone installation, concrete work, tuck-pointing, fireplaces, chimney rebuilding, anchoring, pool decks, balconies and different masonry repairs!

Working directly with homeowners, general contractors, builders and developers by not only providing a high quality work, but most of all delivering all our projects on time. We are confident that when you see our work it will speak volumes of the quality of our craft.

We are happy to be the No.1 leading masonry company in the Northwest suburbs of Chicago and we look forward to continuing with our services by helping our wonderful customers.

Customer Review

"We have used General Masonry for our masonry needs in our old home and new home for the last 10 years. They are extremely professional, competitive, and friendly. The work is done quickly and the jobsite is left clean. I highly recommend them!"

General Masonry Supply Venture, LLC., (*sister company*) was established in 2018 and today, we are your Northshore masonry supplier offering the best selection of masonry building materials.

We at General Masonry Supply work with exterior designers and we are always ready to help our customers with their new projects. We are helping to pick what's best, modern and practical today.

Our supplier carries a wide range of manufacture and natural stone from vendors across the US and Canada, so you and your architect have plenty to choose from when planning your residential or commercial projects. We have been supplying homeowners, architects, contractors, builders, landscapers and general contractors with only the best quality masonry products available today.

Many of our high-quality products not only come with its natural beauty, but also with detailed specifications from the manufacturer and our direct stone quarry. Our high quality masonry products for both residential and commercial projects are available to also be checked out at our virtual gallery online. That's why, General Masonry Supply Venture, is where your construction masonry projects begin.

Our modern showroom with brick, stone, landscape, porcelain, paving, balustrades, pillars, concrete blocks, stone gravel, masonry tools and other masonry materials opened its doors to the public in January 2020. Our showroom facility, that is your one stop shop, is located in Northbrook, at the highly visible corner of Dundee and Waukegan Road.

From hundreds of different material colors, textures and sizes wise there is always plenty to choose from our masonry supplier.

So don't hesitate to stop by and visit our showroom in Northbrook today!
